Pine Creek Grist Mill is Looking for Volunteers

Looking for a new interest?
Fellowship? A way to benefit
the community?

Friends of Pine Creek Mill offers all of this. We are a non-profit group working with the Iowa Department of Natural Resources to interpret and restore the 1848 mill as an educational site, a spot for family experiences, and for tourists.

HOW WILL VOLUNTEERING BENEFIT YOU?

Be involved with a piece of history, a tourist attraction, and an educational resource.

Gain satisfaction from preserving or interpreting a regional treasure.

Learn about the mill's history and how it worked.

Gain satisfaction from telling the mill's story to children and adults.

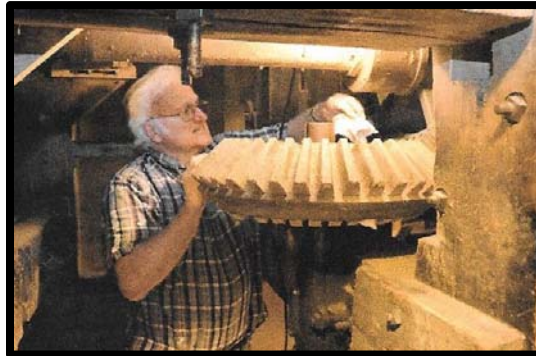

Work with dedicated volunteers and paid staff.

Pick the projects that interest you.

Busy? Much of what we do can be done from home.

Volunteer as much or as little as you like.

Our mission: "To restore, operate and maintain the mill and to share the historical significance of the site through educational programs, public tours, and events."

Restore the mill and keep it operating. Volunteers work one day a week during warm weather. Regardless of your skills there is a contribution that you can make.

Teach school classes about the mill, the park, the one room school, the log cabin, and life in the 1800's

Interpret the mill to visitors
